Board Global Issues:

- ? HIPAA Privacy Policy
- Jennifer McIntosh asked if it was possible to have the claims that are reported as mismatches on the "MACSIS Performance Overview by Boards" be the same claims that are reported on the Security Code/Company Mismatch file that is created by Jim Hughes. Currently to get these claims we have to call the State and have a special SAS program run. Jim said that this was on his list of things to do and would get to it as soon as possible.
- ? AOD payback (provider negative balance)

Next meeting – June 5, 2003 from 9:00-11:00 in Room 806A of the Rhodes State Office Tower.
